WELCOME TO JUST HELPERS

The friendly and ethical cleaning
agency with a **big vision...**

Our company ethos

At Just Helpers, we believe good business doesn't have to have a social cost. We know it's possible to be both ethical and profitable, so we want to do things differently. We value balance, and aim to make life easier – and fairer – for both client and Helper.

Our promise to you

or your next clean is free!

1. We personally meet, vet and train your Helper.
2. You will have the same cleaner every time unless you agree otherwise.
3. We will never cancel last minute.
4. We guarantee security of your space and possessions – all of our colleagues are fully insured.
5. We aim to be on time, every time, transport permitting. If we are running late, we will let you know.
6. All keys, door codes and alarm systems will be kept securely.
7. A manager will inspect your clean within 3 months of you starting and at regular intervals thereafter.
8. We will never short change you on standards. We expect excellence every time.
9. We even guarantee to clean underneath and behind items!
10. All of our colleagues are treated with equity. We will always pay the London Living Wage as a minimum.

Give us a call on **020 3995 4810** to discuss your particular setup and cleaning needs.

Not your average cleaning agency

Just Helpers are on a mission to end inequality in the workplace by ensuring your Helper is afforded good working conditions and fair pay.

Our lovely Helpers (they're more than just cleaners!) come from various backgrounds, but they have one thing in common: they are valuable, skilled individuals who should be paid a fair, living wage. At Just Helpers, we're on a mission to help you help others through your purchase decisions - we do business the 'just' way. Together our quality-conscious Helpers and hands-on management team, will ensure you receive consistent and professionally delivered services that work for your budget.

Because business can be a force **for good.**

Affiliates of the London Living Wage Foundation, ensuring Helpers are paid a wage that allows them to meet **the actual cost of living.**

We're an **award winning agency**, so you know you're in good hands. We truly value and look after all our colleagues to ensure they are happy in the work that they do.

We donate a percentage of our profits to charity - by working with us, **you're directly contributing to a charitable cause** as part of your company's CSR initiatives.

It was important for us to find a Living Wage employer who reflected our ethical position on employee conditions, and also regarding the type of cleaning products used.

Just Helpers ticked all our boxes.

JUST HELPERS COMMERCIAL SERVICES

Our Signature Package

A tailor made package to suit your needs.
For offices and commercial premises
in Greater London.

A CLEAN OFFICE MEANS...

01

More productive workforce

Mess is distracting. Set your staff up to succeed by providing a clean and uncluttered workspace that allows them to focus on what they do best, undeterred by sneezing colleagues or suspect smells from the kitchen.

02

Healthier working environment

Wellbeing is hugely affected by our environment and surroundings, and regular cleaning stops the spread of germs that can lead to the whole office being off sick in the same week. Clean surfaces, fresh air, and pleasant aromas all help people to feel relaxed and able to get on with their day.

03

Good first impression

A messy or unclean office will be noticed for the wrong reasons, and a bad first impression will linger for as long as a bad odour. A professional company needs a professional space – you don't want clients to think you take a messy approach to business!

A package for everyone

Make the right first impression with clients and set your team up to succeed with a clean and professional work environment.

We provide regular professional cleaning of offices and business premises of all kinds in London, spending a minimum of 1.5 hours per session, and a minimum of 6 hours across the week.

We can clean the office before you open or after you close, or somewhere in between – it's up to you!

We also offer ad-hoc jobs such as oven cleans, window cleans, deep desk cleans and additional deeper cleans as required by you.

Give us a call on **020 3995 4810** to discuss your particular setup and cleaning needs.

SPECIALIST COMMERCIAL SERVICES

Desks and workstations

Desks, keyboards and phones are a breeding ground for bacteria that can spread germs and illness. Keep your sickness levels down with regular cleaning of workstations.

Commercial carpet cleaning

If as much coffee is consumed in your office as in ours, slips and spills are inevitable. Office carpets get heavy usage, so need regular cleaning to stay in top condition.

Kitchens and bathrooms

These spaces are used frequently and by lots of people, meaning it's easy for a clean space to deteriorate quickly. With our commercial cleaning packages, you can keep communal spaces fresh, hygienic and free of any unwanted aromas.

Equipment & consumables

Options available to suit all setups and budgets.

We can use your own equipment and products you provide for us. We can also recommend or source cleaning products and consumables for you. All you need to do is provide a safe storage space..

Additionally, we can lease cleaning equipment to you that stays with you for the duration of the contract, and restock all cleaning products and consumables for a **Monthly Management Fee. The viability of this can be discussed when we visit your space.**

Just give us a call on **020 3995 4810** to discuss your preferred setup.

DID YOU
KNOW?

We also offer
domestic cleaning
services

Don't let domestic chores take over,
give yourself time to relax so you can shine at work

Signature package

If you need a little extra help cleaning around the house, our Signature Package is for you! Our Helpers will work with the utmost respect and professionalism, giving your home or office the same love they show their own. What's more, they are fully vetted and insured by us, giving you total peace of mind.
